Annual Business Meeting Agenda

Purpose:

The Jefferson County Soil & Water Conservation District (SWCD) will reduce soil erosion and promote clean water to all the residents and landowners of Jefferson County. Conservation of natural resources will result in a more enjoyable environment for the present as well as for future generations. The SWCD is prepared to inform and assist all segments of our society, both rural and urban.

Mission:

The Jefferson County Soil & Water Conservation District (SWCD) will provide leadership to encourage and promote sustainable practices that will enhance the wise use and conservation of our natural resources.
